## FLAG OFFICER'S REPORTS

### Carol Anderson- Commodore

Ahoy all! What a busy month April has been! Beginning with a fabulous Easter themed General Meeting dinner, then Butter and Eggs Day and the traditional Opening Day on the River! PYC has been bustling with activity! I participated in the cow chip throwing contest and didn't hit anyone. We had two cruise-ins, Sausalito YC and Vallejo YC. They spent a good amount of money at the bar and there were some fantastic yachts in the basin.

The Opening Day on the River was a fun club event. The Petaluma Sea Scouts did the raising of the flag to the music of the Star Spangled Banner and Mac Smith shot off the canon! Francesca Smith had an hilarious weather report and Anne Gealta added to the silliness. Then I declared the Petaluma River to be safe open for navigation! Reny and Connie Madrid made a fantastic lunch and David Quist did his magic at the bar. After dessert of amazing brownies and ice cream Gar-

rett Hill took members and guests down the River in his boat, "Just for Fun" and it was just that! Fun!! Funds collected were donated to the Petaluma Sea Scouts.

I found out that Mac and Francesca Smith created this fun event 20 years ago! A good time was had by all and I want to thank those that helped and thank you to all who came on this beautiful day and were part of the of the tradition and fun!

We have more fun events coming in May and Marilyn "Monroe" Stender and her crew are working hard to make the big Memorial Day event fun and profitable!

See you at the club!  
Carol Anderson

### Leland Fishman –Vice Commodore

Greetings PYC,

We are in throws of boating season, and judging from the comments made by both Sausalito and Vallejo Yacht Clubs who were in for Butter and Egg Day Weekend, PYC rocks. Both clubs had a great time and they truly enjoyed our hospitality. A special thank you to the Libarle's who stepped up to bartend that weekend.

As we look forward to a busy summer, I need to ask politely again to sign up for bar duty if you haven't already. We have weekends open

in June, all of July, and two in August. I will fill in where I can, but I'm not available in July so I need your help. Please sign up now if you haven't, and if you're willing to pull an extra shift, there are plenty of weekends to go around. Mathematically, we don't have enough members to cover every weekend, so we need those of you who enjoy running the bar to step up and take an extra shift.

Thank you in advance.

## Anne Gealta—Rear Commodore

**Opening Day on the River:** What a beautiful day to officially open the river! The Sea Scouts made the event super special, Francesca Smith officiated, and Commodore Carol and Rear Commodore Anne gave their thumbs up! For those of you who were not in attendance, you missed out!

**Reminder:** CLEAN UP DAY is May 4<sup>th</sup>. Mark your calendar's .... Sign ups are on the white board at the club.

**Rentals:** Members can rent the club any day of the year before 5:00, Monday-Friday. After 5:00 and during cruise in season, there are restrictions for any evening rentals. Always check with me first before you request a rental. Please make sure you read the rules for renting the club. All balloons or mylar type items need to be removed at the end of any rental. Those balloons will set off the alarm if left. Clean up is part of the deal so if you can't clean up after your rental, please let me know and we can assess a cleaning fee. Remember, this is YOUR club so

treat it like your home away from home.

**Cruise ins:** Several yacht clubs are setting up their summer cruise ins at the PYC.

**Membership:** The Board approved the Foley's and Fisher's application for membership. We will induct them at the May General Meeting. Welcome to our newest boat owner members.

The member's website can be found at **[members.petalumayachtclub.com](http://members.petalumayachtclub.com)**. From the website, you can [print off your membership cards](#). If you aren't familiar with the website, please take the time to peruse all the information available to members. You can print the Roster, check out the calendar for upcoming events, etc. It also has the Bylaws, Club Rules, club rental application and cruise-in instructions.

## General Meeting Minutes

Call to order at 8:03PM Pledge of Alliance was recited

### Commodore report – Carol Anderson

Welcome to our guests tonight, Wendy Taylor and Mark Yuwiler :Amber and Jim Balshaw: Jim Ruddell: and Lisa Critchett, who attended for the ringing of the bells ceremony for her father, Jerry Cooper. Commodore Carol announced that she sold her boat to her daughter and daughter's husband. In April, there will be the Petaluma Butter and Egg events, culminating with the parade on April 20<sup>th</sup>, Opening Day on the River, April 21<sup>st</sup> where there will be a PYC fun potluck and barbeque "Hang Out on the River Event".

### Vice Commodore report – Leland Fishman

Much thanks to Esther and Kurt Schau for a terrific dinner with Dave Powell helping out in the kitchen and Kim O'Brien again with amazing decorations and of course, the evening bartenders, the Libarles. In June, coming is the chili cookoff with the addition of a huge chicken Caesar salad bar. July - a barbeque is scheduled and August lamb and September surf and turf.

### Rear Commodore report – Anne Gealta

Anne spent a Monday with the club cleaning crew cleaning up the exterior and an agreement has been made that the cleaning crew will take care of the exterior the last Monday of each month at no additional charge. May 4<sup>th</sup> is the club work date and there will be a sign-up board for volunteers to sign up as to which job they want to work on. Rentals have been great.

### Secretary report – Judi Allewelt

No report

### Membership report – Anne Gealta

The club is expecting to install the Fishers and the Foleys at the May meeting, and the great news is that both are boat owners. This will bring up PYC membership to 66% but still not enough to bring in non-boat owners as members.

### Treasurer report – Linda Blue

No report

### Coop report – Jill Olson

An exciting report because a few club members modeled some of the logo items in the ship store. Members are encouraged to buy at least one logo item.

### Building report – Ted Adams

The fireplace was repaired and some of the window tape was removed. Help is still needed in installing

*(Continued from page 4)*

the bollards.

Cruise in-

Vallejo Yacht Club is coming in April 18 to April 21.

Galley-Leland Fishman

Any cash given at the bar – just put into the cash register. Push the Enter key to open the drawer and put the cash in. When pouring top shelf liquor, make sure that you only pour 2 ounces, so that the drink with 2 ounces has only \$4 of liquor in it.

PICYA-Jill Olson & Linda Blue

Hoping that the PYC will have a boat in the Opening Day on the Bay parade. A bill was defeated that would only allow boaters to use electronic flares. Flares are very important to have in a boating emergency. September 28<sup>th</sup> is the Wheelchair Regatta for disabled veterans, an amazing event certainly worth attending.

Sunshine – Karin Jones

Levi and Gail Swift had to cut the cruise part of their ‘trip of a lifetime’ short as Gail got sick and Levi was put into the hospital.

New Business

Marilyn “Monroe” Stender again appeared and said she is looking for more signups and guarantees that everyone will be a star. For those who work the weekend event, the cost for all the food and events is \$40, instead of \$85 for the others. Marilyn is seeking items to include in baskets. Please donate if you can. She is also seeking beer and wine donations.

Old Business

Jeff Mayne met with the river centric groups and there is much excitement on all getting together. The Passport to Treasure is ready to go. 18 Petaluma merchants have signed up and participants go around Petaluma, get their passport punched by the merchants and the winner wins a bottle of wine or \$50 gift card.

Good of the Club

Commodore Carol will be throwing “cow chips” on April 20<sup>th</sup> 10AM in front of McNears Bar in a contest with Petaluma dignitaries.

Meeting adjourned at 8:58PM

Respectfully submitted,

Judi Allewelt

## From Tom's Galley

This is a pretty easy dinner to prepare, only it takes an hour cooking time, which allows you time with your guests or family. There is a great flavor in the roasted potatoes and broccoli. When paired with the tender buttermilk fried chicken thighs it all comes together. One word of caution, be sure you don't over cook the chicken when frying or it will get tough. A little under cooked is better than overcooking as the chicken will continue to cook a few minutes when removed from the skillet. Enjoy!

### Buttermilk Chicken with Roasted Potatoes and Broccoli

#### Ingredients:

2 lbs. skinless, boneless chicken thighs  
2 cups buttermilk (not the reduced 1% fat)  
2 sprigs fresh rosemary plus 2 tablespoons chopped rosemary  
Kosher salt and freshly ground pepper  
1 1/2 lbs. baby Yukon or baby red potatoes  
6 tablespoons olive oil  
2 small heads broccoli, cut into florets  
Zest and juice from 1 lemon

Place chicken in a gallon zip-lock bag. Add buttermilk, 2 sprigs rosemary, 1 teaspoon salt and 1/2 teaspoon pepper. Seal bag and let marinate overnight in refrigerator.

Preheat oven to 425°.

Chop 2 tablespoons rosemary leaves, set aside. Quarter potatoes, set aside. Cut florets from broccoli heads, set aside. Zest lemon rind, set aside. Cut lemon in half and squeeze juice out of each half, eliminate seeds.

Place quartered potatoes in a large bowl. Add 2 tablespoons chopped rosemary, 2 teaspoons salt, 1 teaspoon pepper, 2 teaspoons lemon zest and 2 tablespoons olive oil. Toss together until everything is well coated.

Pour onto a rimmed baking sheet and spread into an even layer. Reserve the bowl.

Bake potatoes 40 minutes.

Add broccoli florets to the same bowl. Add 2 tablespoons olive oil, 1 teaspoon salt and remaining lemon zest. Toss to coat well. When potatoes have cooked 40 minutes remove from oven. Add broccoli to the potatoes and mix to combine. Return to oven and cook an additional 20 to 25 minutes until tender.

Meanwhile, place a large skillet (12-inch skillet) over medium-high heat. Add remaining 2 tablespoons olive oil.

Remove chicken thighs one at a time from marinate, lightly shaking off remaining buttermilk. Add to skillet with smooth side down. Cook until thighs are slightly charred, 6 to 8 minutes. Flip thighs and continue cooking until fully cooked, another 6 to 8 minutes.

Lightly salt potatoes and broccoli. Plate chicken thighs with a side of roasted potatoes and broccoli.

# BUTTER & EGG DAYS

★ APRIL 20 ★

Other contestants were Miss Sonoma Marin and Miss Sonoma County .

Commodore Carol was able to have a picture taken of the three of them.

## What it Feels Like To Turn Left Sailing under the Golden Gate Bridge and not looking back

**M**onths, even years of sailing, didn't prepare me for this moment. I'm not sure I'm ready. Not sure the boat is ready. Are there things I've missed? Could I have done more? Should I have done more? Am I irresponsible? These questions are spinning in my head like a Circus Ferris Wheel.

Turning left under the Golden Gate Bridge and sailing off into the sunset has been my dream for years. You've felt the pull, right? Tell me I'm not alone. I'm sure if you have saltwater in your veins, you can relate. You can see the freedom just sitting there, whispering in your ear, waiting for you to make the first move, yet you don't. I'm scared.

Sailing under the Golden Gate has been a goal for many San Francisco Bay sailors over the years and is now staring me square in the face. It's a rite of passage, a bucket list milestone, a new lease on life, and I'm about to do it.

Imagine being on a boat, looking up at the orange splendor of this fabled bridge, turning left, and not looking back and feeling the pull of the swirling

currents, taking you where *they* want, not where you want — the funneled blast of frigid Pacific wind numbing your ears.

Now imagine sailing *your* boat under this bridge, yes, *your* very own, bought-it-yourself-with-hard-earned-money, sailboat. Scary, right? These feelings are hard to describe, but I'll try.

I feel I'm in way over my head as my lovely, smiling bride glances at me for reassurance.

*Have we made the right decision?*

I flash a smile of confidence. Yet inside, I'm twisted in a knot. Hearing the rumbling of cars overhead, I glance up; a tingling wave of accomplishment unties the twisted knot and sends peaceful goosebumps tingling across my neck and down my arms. Tears of satisfaction fill my eyes, then race down my cheeks to be cast into the sea by the gusting wind.

I feel alive. The world lies at my feet, open, waiting for me to take the next step, the next breath.

I feel free. Free to go faster, or slower, or turn the boat in lazy circles if I want.

I feel humble. How can I be so fortunate? How can I share this moment with my family and friends? These feelings fill me to the brim. If I speak, I'll turn into a puddle on the deck so I don't say anything for fear of ruining the moment.

I feel joy and smile the biggest shit-eating grin. The world has just shown me one of its secrets.

## Key Issue Update

March 12, 2024

### Deficit in the Boater Fund

RBOC urges the Legislature to confirm in statute that the Harbors and Watercraft Revolving Fund administered by the Division of Boating and Waterways in State Parks:

- No longer supports programs that do not apply to boating [such as beach erosion control].
- Supports programs also benefiting others on a proportional basis [such as combatting invasive species].
- Supports state efforts to enhance on-the-water opportunities [such as Outdoors for All].
- Includes all beneficiaries as stakeholders [such as non-motorized watercraft].
- Receives an appropriate share of motor vehicle fuel tax dollars attributable to boaters [not today's 10%].
- Realizes additional efficiencies [such as taking over boat registrations from DMV].

### Marine Flares – Extended Producer Responsibility

RBOC urges the author and proponents of legislation creating an EPR program for marine flares to:

- Work collaboratively as possible with the marine flare manufacturers.
- Recognize that marine flares are a mandatory and essential public safety feature.
- Acknowledge that alternatives are not effective during daytime hours.
- Avoid a significant cost impact on individual boaters that could become a disincentive to purchases.

SB 1066 [Blakespear]

### Outdoor Recreation for All [30x30]

RBOC requests that the program identify the values of, and prioritize on-the-water opportunities within, the Outdoor Recreation for All initiative including legislation proposing to:

- Provide parity in allocations for urban nature-based investments [AB 2285 Rendon].
- Prioritize promoting and supporting partnering state agencies and departments [AB 2440 Reyes].
- Require state entities to consider the 30x30 goal when adopting, revising, or establishing plans, policies, and regulations [SB 1402 Min].

Clear confirmation should also be provided that the significant areas of water that have been protected over the years are counted towards the 30% preservation goal.
